

Zion Power Bank

PRODUCT DESCRIPTION:

Introducing the sleek and sophisticated 4000mAh power bank, boasting a slender design and an elegant aluminum coating. Equipped with a convenient power gauge, this power bank offers ultimate control and ensures you never run out of juice at the wrong moment. With an input power of 5V/1 Amp and an output power of 5V/1 Amp, it guarantees a seamless charging experience for your devices. Recharging is a breeze, taking only 5-6 hours when connected to a USB port or a mains adapter. Inclusive of a Micro-B USB cable and comprehensive instructions, we provide everything you need to get started. Need more versatility? Opt for our optional EVA carry case and triple connector cable, available upon request. Experience the epitome of power and style with our remarkable power bank.
